

Let's Start School!

Look at the fun we can have together...

We can make new friends!

What do
you like to
play?

We can be outside on the field.

What would you like to play on our huge field?

We can run and
climb - over,
under and through
our trim trails.

We can look for bugs in our wildlife area.

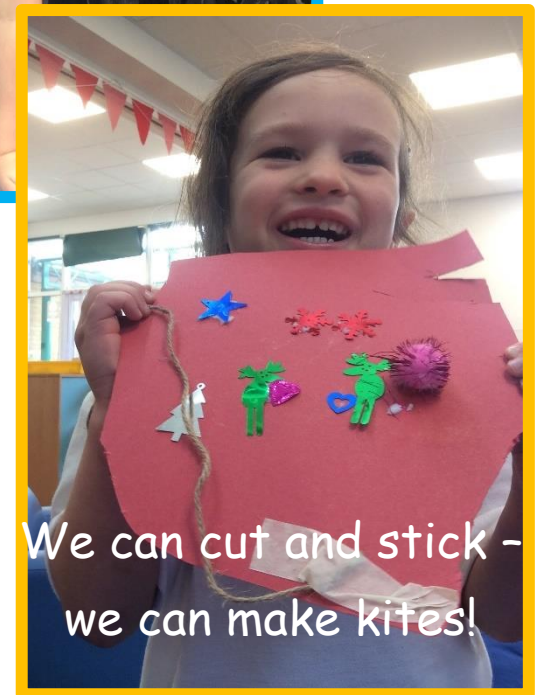

This is our wildlife area. It is called 'The Rix.'

We can draw and paint!

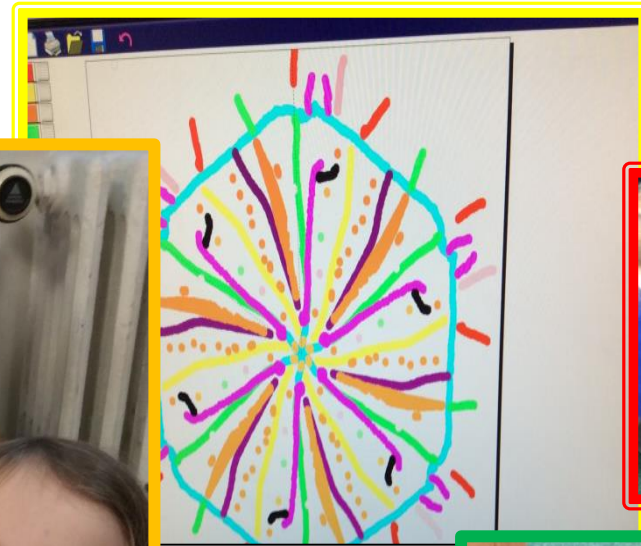

We can make anything!

What things do you like to make?

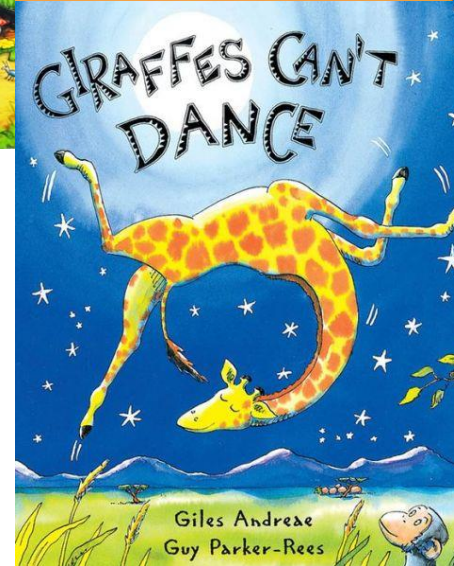

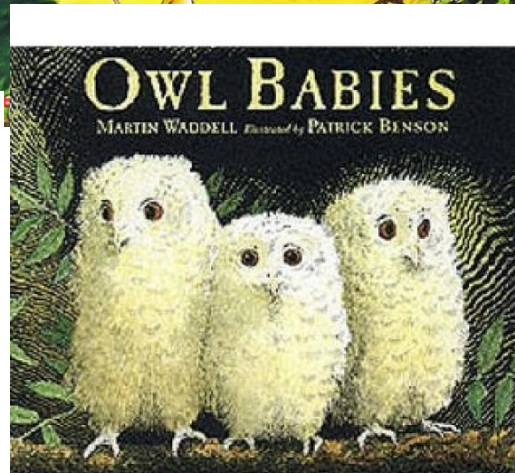

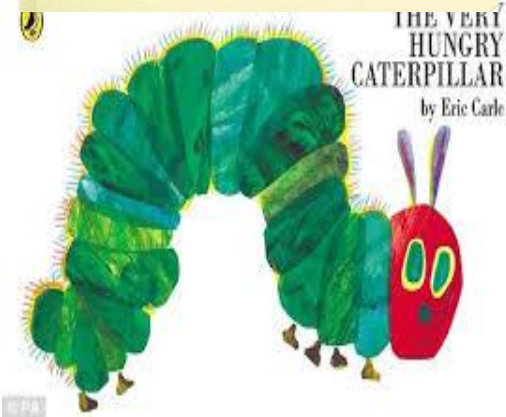

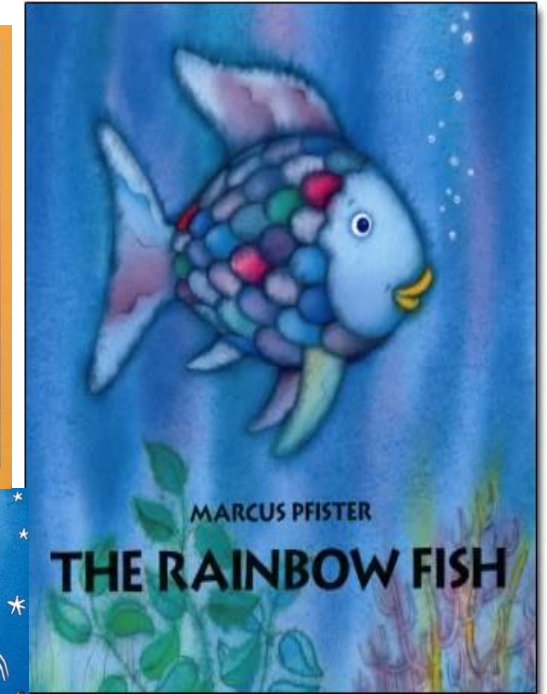

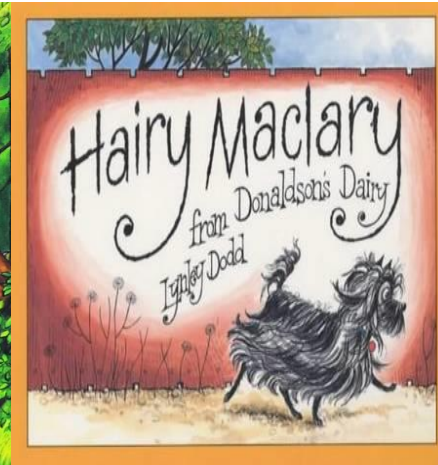

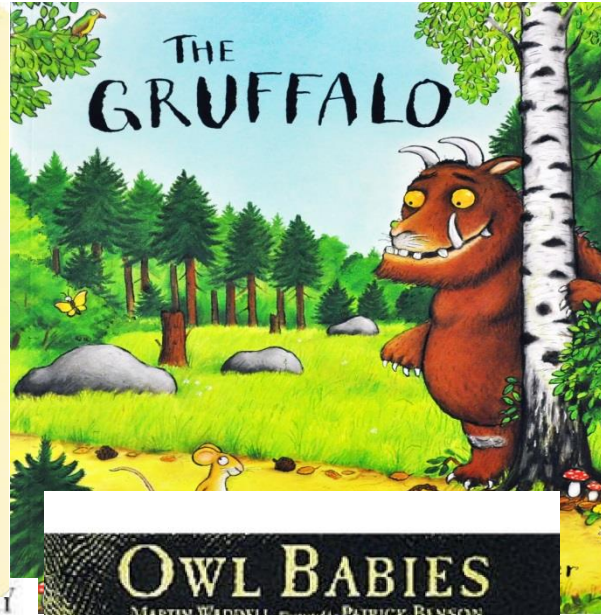

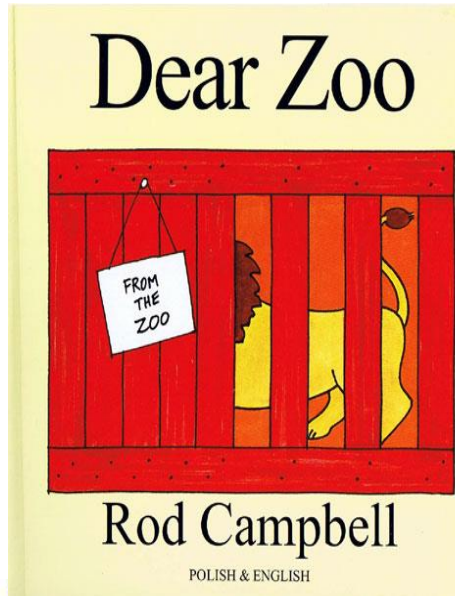

We can go on the computers... and use our
Beebots!

We can take
photos of
our work
using the
iPads. Look!

We can share a story! We love books...

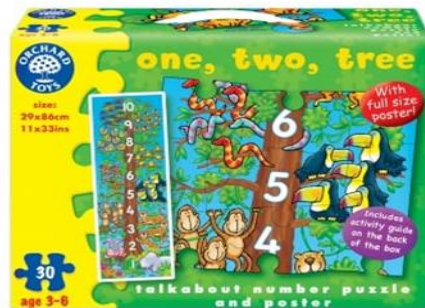

What book will
you look at
today?

We love to sing and dance. We love to dress up!

Do you like dressing up?
Who do you like to dress up
as?

We have so many toys to choose from...what do you like to play with?

What would you love to do when
you come to school?

We can't wait to meet you!
